Forestburg Festival Features Canning Competition

Forestburg 4-H is hosting the 2nd Annual Canning Competition at this year's Forestburg Watermelon Festival. There will be two age divisions: 17 and under, and 18 and over. Items can be entered in five categories which include: relishes, jams/jellies, pickles, salsa and vegetables.

All jars must be sealed in jars with the Kerr, Mason, or Ball label. Also include one copy of the recipe on plain paper (8-1/2" X 11") with the name of the recipe, details of the canning process used, and the ingredients. Please do not put name or initials on recipe or jar. Entry fee is \$2 per jar, and there is no limit to the number of entries. Canned items may be brought to the Atkins Building (beside Country Store) in Forestburg on Friday, August 9th, 4:00-6:00 p.m. for judging.

Display of winners will be Saturday, August 10th at the Atkins Building from 11:00 a.m.-2:00 p.m. All first place winners will be awarded beautiful rosette ribbons. A copy of rules may be picked up at Forestburg Country Store. All proceeds benefit Forestburg 4-H. For more information contact Alex or Shannon Sharon at 940-964-2471.

Community Quilters

The August meeting for the Community Quilters, August 19, 2013, will be a program given by Shirley Rutherford. She will be sharing Tips and Tricks for Quilting. These ideas may be the problem solver you need to finish a quilt or get one started. The next block in our block of the month, Millstone, will be ready for you. There is only one left to make after this!

Our July "baby shower" for children taken into care by our Montague County Child Protective Service was a great success. Many items from diapers, pull-ups, personal care items, clothing, and handmade quilts will certainly help our Montague County foster parents. We also got to learn about actually being a foster parent from Sherry Parker, an enthusiastic foster parent and Nocona resident.

Our next quilt to benefit the Senior Citizens Center is under way. The shades of blue in this quilt are gorgeous. Please turn in your blocks by the August meeting.

Please bring your Show and Tell and blocks of the month you have finished. Many members are sewing away for Scottish Rite Hospital and the Montague County Child Welfare Board. Join them and start something today. Donation items for the Scottish Rite Fall Bazaar are due in September. Several members have already contributed quilts, placemat sets, purses, and other craft items. The meeting begins at our regular time, 10:00 a.m. on August 19, 2013 at the Senior Citizens Center. Take some time for yourself and join us. For more information, please contact the Senior Center at 940-872-4500.

Valley View Baptist VBS

Valley View Baptist Church in Spanish Fort will be hosting Vacation Bible School August 11-15, 2013, from 6:00 p.m. to 8:30 p.m. For more information, call 940-966-3318 or 940-235-0667.

North Texas Singles Club

The North Texas Singles Club, mature adults getting together for food, fun, and friendship, is meeting in Bridgeport on Saturday, August 3rd, 6 p.m. Please call 940-366-0100 for location.

Genealogy Meeting

The Montague genealogy group will meet at 7 p.m., Thursday August 8th, at the Bowie library. Our speaker, Linda Attaway, has recently returned from her second genealogy research trip to Salt Lake City. Her presentation is entitled "Researching in the LDS Library" and is illustrated by pictures from the library, the beautiful Temple square and the fascinating city. For those who do not plan to go to Salt Lake, this program will show some things which make the research so rewarding and the city so interesting. Linda has traced several Montague County families from Hardy, Mallard and Nocona. Join us as we welcome Linda to Montague County.

Alzheimer's Association hosts educational program

Alzheimer's disease can cause a person to act in different and unpredictable ways. Some become anxious or aggressive. Many misinterpret what they hear. The Alzheimer's Association - North Central Texas Chapter is presenting "Creative Solutions: Tips to Manage Challenging Behavior" on Friday, August 9, 2013 at 10:00 a.m. at Alzheimer's Association Regional Office. The office is located in 901 Indiana St., Ste. 350, Wichita Falls, Texas.

This free workshop will discuss triggers for difficult behaviors and communication techniques. And help individuals identify sources of stress and tips for being healthier.

The mission of the Alzheimer's Association is to eliminate Alzheimer's disease through the advancement of research; to provide and enhance care and support for all affected; and to reduce the risk of dementia through the promotion of brain health.

For more information call Patty Taylor at 940-767-8800 or 800-272-3900.

Bellevue VFD Arts & Crafts Show

The Bellevue Volunteer Fire Department is now taking applications for vendors for our annual Arts and Crafts Show that will be held on Saturday, September 28, 2013 at the Bellevue Community Center / Fire Hall. A breakfast, a lunch and drinks will be provided FREE for vendors. WiFi will be available. No door prize required. Please contact Crystal Walker at (940) 928-2119 or (940) 733-6909 for more information.

MONTAGUE COUNTY COWBOY CHURCH

Shooting Club

The MCCC Shooting Club would like to give thanks to the following for their contributions in helping make the Wolf Chase a great success:

Ed and Betsy Fenoglio, Larry and Lonita Ogle, Mike and Janice Robertson, Joe and Valerie Stout, Ira Brown and all the volunteers who donated their time and resources.

A special thank you to Cash Langford and Jerry Woods Funeral Home of Nocona and Ross Hamilton and White's Family Funeral Home of Bowie for the tent set up, and the MCCC Chuckwagon Team for concessions!

We are especially thankful for the perfect weather conditions provided by the Good Lord Above

Some Fats Beneficial

Some fats can be beneficial to your health. Unsaturated fats, which include polyunsaturated and monounsaturated fats, can improve your cholesterol levels and promote a healthier heart. Polyunsaturated fats can be found in various foods, including fish and walnuts. Monounsaturated fats can also be used to make recipes healthier. For example, when a recipe calls for butter, consider substituting that butter with a monounsaturated fat such as olive oil or a polyunsaturated fat such as sunflower oil. According to the Harvard School of Public Health, both polyunsaturated and monounsaturated fats help reduce "bad" cholesterol, also known as low-density lipoprotein, or LDL, while increasing high-density lipoprotein, or HDL, a protective cholesterol often referred to as "good" cholesterol. LDL can build up in the bloodstream and form plaque that lines the walls of the arteries, which can decrease blood flow to the heart and increase a person's risk of heart disease. Though saturated fats can be part of a healthy diet, it's best to make sure consumption of saturated fats is minimal. Sources of saturated fat include meat, poultry with skin still attached and whole-milk dairy products. When eating meat, look for lean cuts with no visible fat. When preparing poultry, peel the skin off. And when enjoying dairy products, choose low-fat or nonfat products.

Pastor Jamie Reed and wife, Joyce, are celebrating their 40th wedding anniversary, Saturday, August 3rd. The party will be held from 4:00 p.m. to 7:00 p.m. at the East Side Baptist Church Fellowship Hall, behind the church. East Side Baptist Church is located at 316 W. Pecan. Everyone is welcome. No gifts please.

Did You Know?

What do Velcro, a dog's fur and cocklebur plants have in common? Though the list seems quite random, there's more to it if you look closer.

Such was the thinking of George De Mestral, an electrical engineer, after returning from a walk with his canine companion. Once inside, De Mestral noticed how perfectly cockleburs bound to his dog's fur. So, with microscope in hand, he examined the bur closely.

He discovered that the cocklebur was lined with numerous tiny hooks that could easily attach to the loops of his clothing and the fur of his dog. With this concept in mind, De Mestral toyed around with other materials, creating surfaces with hooks and loops to develop a stronger bond. In 1955, De Mestral settled on nylon as his material to perfect his accidental invention, calling it Velcro. Today we still use Velcro, or a similar product, in our daily lives.

Did You Know?

The Nobel Peace Prize is named for Alfred Nobel, a Swedish chemist and engineer. He and other laboratory workers experienced several accidents while trying to stabilize nitroglycerin. In fact his brother was killed in one of these accidents. Many believe this accident pushed him to find a solution to safely store explosive materials.

Throughout Nobel’s life, he became weary of the destruction caused by his contributions. Nobel’s developments, including dynamite, had not only been used for construction purposes, but also as weapons during war. To leave a legacy for amity, Nobel included the creation of the Nobel Peace Prize in his final will. The award would be awarded to a person who promoted peace among nations, within the ranks of military or through the workings of an organization.

Visiting In Vashti

by Bruce Specht

The saying for the week is: “A cloudy day is no match for a sunny disposition”. The rains have kept coming and the fields are quickly turning into a rarely seen green which will stretch into August. The latest downpour hit this morning as I was headed into work. The last two weeks we have had the rains on Friday which means the roadways are dried out by Monday which doesn’t help with maintaining the roads since we need some moisture to be able to cut the washboards out when blading. But with this morning’s showers it worked to our advantage. I remember David Denson saying several years ago that just once in his life he would like to see the grass green in August. Looks like it is going to be at least twice now since it happened once a few years back. It sure is a relief to know we have a few weeks before the fire danger creeps back up.

Keep your eyes peeled for the Copperheads out and about. They keep on popping up and the heat has them in a particularly nasty mood. Katie stepped out with the pups a few nights ago and discovered one just off the front porch easing along the foundation wall. When I went out to dispatch the fellow he was striking at anything that came near him. Fortunately none of the dogs got close. That wasn’t the case with Travis’s dog Champ the other night. Seems Champ got a little too close and paid the price of a day suffering through the effects of a nose full of venom. A puffed up face was all he suffered and twenty-four hours of rest had him back up and chasing rabbits.

I had my first chance to see some Turkey chicks last week while we were out checking the government tanks. We drove up on two hens and their brood of nine chicks out catching their fill of morning grasshoppers. We have one fine crop of grasshoppers this year and the birds should stay full. I know that our new pup Jasmine is eating her fill as well. She is quite the little grasshopper hunter as she slips stealthily around the yard pouncing on any that land near her. It is a bit disconcerting seeing the legs sticking out of her mouth as she looks up sweetly at you. Not to be outdone, Belle is catching field mice and bringing them up to the back porch to get her share of the attention and praise for a job well done. Actually she could leave out the bringing them up to the porch as far as Shelley is concerned.

Katie finished mowing the yard between showers and we got the yard sprayed for ticks so maybe we can get the upper hand around here on the parasites. For some reason the ticks have been especially bad this year. Even with all the drops and other treatments it has been hard to gain ground on them. Hopefully we have broken the cycle now.

On the home front I finally put the finishing touches on a bathroom project that had been waiting for quite a while. I finished the lighting and mirror in the girls’ bathroom with a couple of wall sconces Shelley and I found a few weeks ago. It is going to be nice not having to share our bathroom mirror with two other ladies who need to powder their noses.

First Baptist Church of Newport is holding their summer Revival from August 5th –9th. Services will begin at 7:00 p.m. nightly.

Keith is home recuperating still as I write this week’s column. Please continue a prayer for healing over the next several weeks and as he begins his physical therapy to regain the use of his shoulder. I spoke with Keith today and I can tell he is chomping at the bit to get back to normal activities. He has managed to take a few short hops in his plane so it won’t be long now.

In your prayers this week please remember Keith Menard, J.T. and Jane Browning, Josie Wise, Fred Howard, Bonnie Underhill, Kay and Earnest Perkins, Mary Musgrove, Grover Watkins, Dewey Staley, Shirley Stovall, Sue Phillips, Wanda Molsbee, Trey Spivey, JoAnn Spivey, Betty Jo Hatfield, Bill Bartlett, B.J. Tate, Connie Elrod, Betty Allen, Verne Lawson, Garrett Nunn, G-Ma, Philip Lawson. Please remember all those from our area actively serving in the military at this time.

Wagon Train & Trail Ride

Saddle up and be a part of a wagon train and trail ride to be held August 3rd & 4th. The ride is approximately 13-14 miles and will leave just outside Nocona at 9:00 a.m. on August 3rd. The ride will end in Saint Jo where participants will ride in the Saint Jo Rodeo parade at 5:00 p.m. Then they will camp in Saint Jo. On August 4th, the ride will return to Nocona.

Organizers are also planning a ride to the Henrietta Pioneer Days. These events have several requirements: Coggins on all equine, kids under 18 with adult, no rowdiness, ride at your own risk, trail boss rules, no dogs.

For more info, contact Connie Byrd at 469-583-0759 or Gates Billette at 940-867-5208.

M.H. Henry Pro Rodeo

Pro Rodeo is returning to Montague County! After many years, the PRCA will have an event in Bowie, Texas. The rodeo will be named after long-time resident and Texas Cowboy Hall of Fame member, M.H. Henry.

The M.H. Henry Pro Rodeo will be staying with the original premises of its founder Gary "Roach" Hedeman of giving back to the community. Hopefully a scholarship program named in honor of Mr. Henry will also be added to benefit up and coming artists. Hedeman Productions and Brehmer Rodeo, LLC will use many of the youth groups of the county as part of the work force bringing top notch rodeo action to Montague County. Proceeds from the rodeo will be awarded to those various youth groups.

This big event will be on Saturday, September 14th, beginning at 7:30 p.m., and Sunday, September 15th, beginning at 3:00 p.m. at the Bowie Rodeo Arena. For more information, sponsorship, etc., call 940-841-3093.

Immunization clinic

The Texas Department of State Health Services has scheduled an immunization clinic to be held at the Nocona Community Center, 805 W. Hwy. 82 in Nocona, TX on August 20, 2013. Times will be 9:30-11:30 a.m. and 1:00-3:00 p.m. Parents must be present and should bring shot record. The clinic is TVFC eligible and cost is \$10 per child/\$20 per family.

The clinic for Bowie has been cancelled for August.

Old Settlers' Reunion to be held in Saint Jo

It's that time of year! The Saint Jo Riding Club is hosting their 56th annual rodeo and parade this coming weekend.

In conjunction with the festivities, the directors of the Stonewall Saloon will be holding their second Old Settlers' Reunion. Descendants of those families who settled in or around Saint Jo before 1900 are urged to attend. The bottom floor of the saloon annex will now be open which provides additional exhibit area. You are invited to come by, tour the new addition and share your family history with others. The reunion will be held in the saloon from 2:00 p.m. until 5:00 p.m. this Saturday just before the parade.

So mark your calendar for August 3rd to join in the fun in the old Stonewall Saloon. (Yep...it now has air conditioning.)

Forestburg Festival Honors Fire Fighters

The 33rd Annual Forestburg Watermelon Festival and Homecoming will be held Saturday, August 10, 2013. The theme for this year's Festival is: "Our Forestburg Volunteer Fire Department Can Handle the Heat." Members of the Forestburg Volunteer Fire Department will serve as parade marshals and other fire departments are encouraged to participate in the parade. Fire fighters, past and present, are invited to ride on a special float that is being readied by Jack and Jewell Dill. Parade participants are requested to gather at the Forestburg School at 9:30 a.m. The Forestburg community wants to show its appreciation to the men and women who have served and now serve as fire fighters.

Buck Moseley is coordinating the parade which is open to floats, riding clubs, individual horse riders, businesses, antique automobiles and antique farm equipment. The parade begins at 10:30 a.m.

After the parade a Bar-B-Q lunch will be served at the Forestburg Community Center. Cost for the lunch is \$10 for adults and \$5 for children ten and under. Children's activities, provided by the Forestburg Baptist Church, will begin at 10:00 a.m. Other activities include Gospel Music, Canning Competition, Salsa Contest, 42 Tournament, Forestburg Museum, Veteran's Outreach, Homemade Ice Cream, Free Watermelon, Forestburg Volunteer Fire Department Open House and Booths. To reserve booth space, please call Jewell Dill at 940-964-2237.

The Forestburg Methodist Church will be open from 9:30 a.m. until 4:00 p.m. for those who might need a place to rest and cool off and will host the Gospel Music and 42 Tournament.

There will be a rodeo Friday and Saturday nights at 8:00 p.m. sponsored by the Forestburg Riding Club.

The Forestburg Community hopes that you will plan to attend the Forestburg Watermelon Festival for a fun-filled day on Saturday, August 10th as they honor fire fighters who give so much of themselves for others.

A complete listing of event times and locations will be available at the Forestburg Community Center and the Forestburg Store. For more information or questions, please call 940-964-2644 or 940-964-2483.

Minnie Lou Geer "Granny" Turning 85

Please join us at Advanced Rehab Center to celebrate the 85th birthday of long time Bowie resident and retired teacher, Mrs. Lou Geer, aka "Granny".

She taught 32 years in the Bowie school system as well as Forestburg and Goldburg.

Most of those years were spent at Bowie Jr. High.

During those 32 years, she taught many second and third generations.

The party is from 1:00 p.m. - 3:00 p.m. in the main dining hall. It will be come and go and please no gifts...your presence is gift enough.

Hosted by Deborah Harris, Martha Vincent, and Connie Thomas (the daughters of Lou Geer).

Obituaries

Ethel Lois White...

Ethel Lois White, 93, passed away Tuesday, July 30, 2013, in Bowie, Texas.

Ethel was born August 3, 1919 to Thomas and Allie (Spencer) Hudson in Buffalo Springs, Texas. She married O.V. White on January 14, 1938 in Buffalo Springs, Texas. Ethel was a member of the First Free Will Baptist Church in Bowie.

Graveside service will be held at 1:00 p.m. Friday, August 2, 2013, at Buffalo Springs Cemetery with Larry Cox officiating. Arrangements are entrusted to the White Family Funeral Home of Bowie.

Ethel is survived by her three children, Esterlee Wilvharber of Bakersfield, CA, Melba Lynch of Pampa, and Don White of Bowie, numerous grandchildren, nieces and nephews.

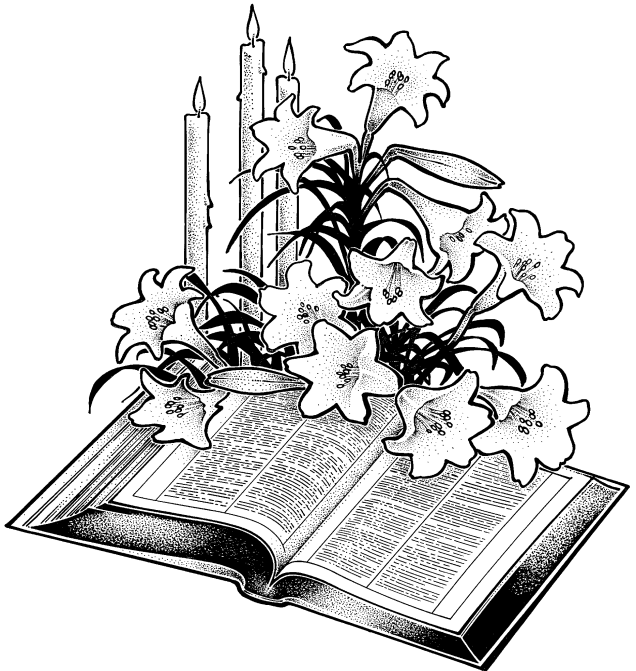

James Robert Spradley...

James Robert Spradley, 89, of Forestburg, passed away on July 19, 2013 in Nocona.

James was born in Gunter, TX on August 7, 1923 to S.W. and Mattie P. Hendrickson Spradley.

Services for James will be set at a later date.

James is survived by his wife Mary Louise Spradley of Forestburg; daughter Linda Spradley of Forestburg; grandson Cameron Spradley; granddaughter Topange Spradley of Forestburg; and a niece Barbara Moon of Brownwood.

Believe it or Not...

Despite its usefulness, you may be surprised to learn that the microwave oven was developed by accident. Without it, what would we use to quickly heat up our leftovers or pop popcorn?

We can thank Percy Spencer for discovering the microwave while inspecting a magnetron, or a type of tube that releases energy to power radar equipment. As a leading scientist during World War II, Spencer was visiting a lab at the Raytheon Company, when he noticed something strange while standing in front of the device.

Believe it or not, the contents of Spencer’s pocket got his attention: a candy bar stored there had melted. Spencer, on the other hand, didn’t melt (thankfully!). We know today that prolonged exposure to microwaves - the waves, not the appliances - can be harmful to humans in certain circumstances.

Looking for another food item to challenge the device with, Spencer decided corn kernels would do the trick. After his success with popcorn and other foods, Spencer invented another machine with similar technology, which gave rise to the microwaves we see today.

Invented in 1945, the microwave is still a popular must-have for more than 90 percent of U.S. households more than 65 years later.

Beverly Scharen...

Beverly Scharen, 50, passed away Friday, July 26, 2013 in Alvord, Texas.

Beverly was born February 17, 1963 to Del and Anna (Humiston) Wilm in Bridger, Montana. She graduated high school and married Kelly Scharen on October 9, 1983 in Bridger, Montana. Beverly had a passion for horses. She is remembered with love and appreciation for her devoted years of life as a wife, mother, and grandmother.

Memorial Service was held 10:00 a.m. Monday, July 29, 2013, in the Drawing Room of the White Family Funeral Home with Doyle Wade officiating. Arrangements were entrusted to the White Family Funeral Home of Bowie.

Beverly is survived by her husband, Kelly Scharen of Alvord; four children, Nichole Landen of Alvord; Michael Scharen of North Richland Hills; Terry and Brian Scharen both of Denton; mother, Ann Wilm of Sheridan, Wyoming; three brothers, Butch Wilm of Bridger, Montana, Ron Wilm of Mesquite, Nevada, and Scott Wilm of Billings, Montana; and several grandchildren, nieces and nephews.

How to Craft a Low-Calorie, Healthy, & Fresh Salad

Calorie-conscious people often turn to salads as a low-calorie options come mealtime. Salads can be consumed at any time of the day and are no longer considered just an appetizer or side dish.

Despite their simplicity, healthy salads are not always easy to make. But there is a method to making the perfect salad. The following are a handful of ways calorie-conscious men and women can prepare a healthy and delicious salad.

*Start with fresh ingredients. Choose your own fresh ingredients rather than buying prepackaged salads. Salad mixes sold in many stores may be convenient, but they tend to get old rather quickly and could be hiding already spoiled pieces of lettuce and other greens. Use the salad kits as a guideline to which lettuce varieties go well together, then buy your own heads of lettuce. This may take more time, but it will be worth the effort. Mixing spicy greens with sweet ones like endive and romaine will balance flavors. Also, choose varying textures of greens so that there is variety in every bite.

* Wash everything well. It is essential to wash salad greens thoroughly, not only for flavor but also for safety. Even organic lettuces grown with all-natural ingredients could be harbingers of bacteria, and you don't want to run the risk of becoming ill due to a foodborne pathogen. E-coli outbreaks have been traced back to spinach and other lettuces in the past, requiring recalls on these foods. Lettuce leaves also can collect dirt and silt, which tend to lodge in the inner ends of lettuces. Insects also may be hiding out in salad greens, and that can be an unwelcome surprise to anyone. Soak the salad greens in a bowl of cold water, then drain and

repeat. The cold water will not only clean the lettuce but also perk up the leaves. Wash all salad accoutrements, including tomatoes, cucumbers and citrus fruit rinds, as well.

* Thoroughly dry. Nothing can ruin a salad faster than limp, overly wet leaves. Salad spinners are invaluable tools that can quickly rid leaves of moisture. Dry the lettuce in batches to ensure it is as dry as an be.

* Choose fresh vegetables to add punch to salads. To improve the nutritional content of salads, add an array of vibrantly colored raw vegetables. Tomatoes, peppers, artichoke hearts and beets can be combined to create a healthy and delicious salad that's loaded with flavor and vitamins.

*Add lean protein. If the salad will be your entree, adding lean protein can help you feel more satisfied after you eat. Anything from tofu to sliced salmon to kidney beans can add protein and even fiber to a salad to make it a more complete meal.

*Add dressing at the end. Wait until the last possible minute before you add salad dressing. When adding the dressing, remember the dressing should enhance the flavors of the salad and not overpower them. Light vinaigrettes made with seasoned vinegar and oil pair well with many salad combinations. Keep in mind that the oil in a dressing will penetrate the lettuce and make it limp. That is why the dressing should be added just before the salad is served. Think about placing a dollop of dressing in the bottom of a salad bowl and then toss right before eating to mix all ingredients.

Once you have become a master of salad basics, consider new ingredients and flavors to come up with combinations that please the palate.

Buffalo Springs Chatter

by Carmen Wood

I’m baaaack! Did you miss me last week? Sorry ‘bout dat! The workers from Muskogee are gone and we have a beautiful camp! As you round the curve on 1288 South, you’ll see the campground, and what we call the “Ping Pong Palace” was once the open air Tabernacle. That building was ugly on the outside due to deteriorating wood. Now it’s got brand new siding! And, it’s beautiful! We are so blessed!

I am writing this on Monday and it’s going to be a great week! Last week I finally gave in and went to see Dr. Kelly for my lower back. It has helped tremendously! This morning I informed her I was going to be mowing today (Monday), and I don’t think she cared for that idea, but I’m being careful. Taking it slow and lots of ice breaks. I even made me an ice pack for while I’m mowing. <grins>

Saturday night was not a good night either. I went to the ER at Bowie for what I was not sure. All I knew was that I hurt...bad! My blood pressure had risen while I was in ER, but I didn’t have a heart attack. It was a giant gas bubble in my tummy. Later at home when my blood pressure was coming down I got the big time shivers and my teeth chattered. Don’t know what that was all about but it went away after an hour or so. I didn’t make it to church on Sunday because of obvious reasons plus I was worn out and couldn’t get enough sleep. I slept until 11:30 and I never sleep that late! Getting old is for the birds!

I hope you all had a much better weekend than I did. I know Jason Maxwell did. He was licensed to ministry on Sunday. Good for you, Jason! We are all proud of you.

Our West Fork District Quarterly meeting is in Wichita Falls Saturday, August 3rd at Faith Free Will Baptist Church. I plan to go, but will have to leave early to get to Whitesboro for Ken’s mother’s birthday party. She will be 82 on Thursday! Happy Birthday to Mary Wood!

Ken Jones, Jennifer Scott, and David Potter are receiving treatments for cancer. Jim Mathena is in the Irving Hospital with a blood infection. Mrs. Wetzel is in a Fort Worth hospital with pneumonia. Ione Hudson is having severe headaches and hopes to find out what is causing them. Mary Musgrove goes back to the doctor this week, and Preach Rater is having a lot of pain. Pray hard for these people! They need our prayers.

Please pray for our government, our military boys and girls, our diplomats, Tiny/Gene Skelton, disaster victims, Joe Powell, Raymond Poirer, Mary Musgrove, Melinda Love, W. Edwards, Charlotte Kinsey, Marsha Reeder, Alice Brooks, Ken Jones, Jennifer Scott, Jim Jackson, Mrs. Wetzel, Taylor Powell, rain, Brad Fudge, Aline Fincannon, Kurtis Browning, Don Davis, Gregg Carr, Stanley Rater, Billie Deweber, Peggy Wine’s family, David Potter, Patsy Berg, Gilly Starks, the Cox family, Ann Jones, L.T. Ray, Jim Stell, unspoken requests, and the unsaved.

Write, text, or call me your news, please. Adellewest@aol.com or 940-613-4652.
“As in water face reflects face, so a man’s heart reveals the man.” Proverbs 27:19 NKJV3

Four People Buried With Strange Objects

No one is sure what happens to us after we die, so many people like to leave this world prepared for anything by having odd or unusual objects buried with them. Some may have special meaning, some may be helpful, but others are just hard to figure out.

This list of 5 people buried with strange objects may give you a few ideas to help you plan what to take on your own trip to the great beyond.

1. Tutankhamen, better known as King Tut, was an Egyptian pharaoh who ruled from 1333 B.C. to 1324 B.C. When his tomb was discovered by Howard Carter in 1923, the event received worldwide press coverage. Thousands of items were found buried with King Tut, including a solid gold mask that covered the head of the mummified king, hundreds of gold figurines, a small chair made of ebony inlaid with ivory, jewelry, ornamental vases, weapons, and enough seeds to plant a large garden.

2. Before he died in 1899, Reuben John Smith of Buffalo, New York, made sure that he would spend eternity in comfort. He was buried in a leather recliner chair with a checkerboard sitting on his lap. Smith also requested that he be dressed in a hat and warm coat with the key to the tomb inside his coat pocket.

3. Legendary actor Humphrey Bogart appeared in 75 movies, many of them classics like *The Maltese Falcon*, *Casablanca*, *The Treasure of the Sierra Madre*, and *The African Queen*, for which he won an Oscar for Best Actor. In 1944, he starred in *To Have and Have Not* with Lauren Bacall, who became his fourth wife. A famous line from the movie, delivered by Bacall to Bogart, was, “If you need anything, just whistle.” So when Bogart died in 1957, Bacall placed a whistle inscribed with the line inside the silver urn with his ashes.

4. When California socialite Sandra Ilene West died in 1977 from a drug overdose, she was buried in San Antonio, Texas, in her 1964 Ferrari 330 America. She asked to be clad in her favorite lace nightgown with the driver’s seat positioned at a comfortable angle. West and her car were placed in a large box, which was covered with cement to discourage vandals.

Professional Food Manager Certification Training Course Offered

Statistics indicate that foodborne illness continues to be a health issue in the United States. Each year, 1 in 6 Americans will become sick, 128,000 will become hospitalized, and 3,000 will die due to a foodborne illness.

If under the Texas Department of State Health Services (DSHS) jurisdiction, each food establishment is required to have one certified food manager on site.

Texas A&M AgriLife Extension Service, Montague County, is offering a professional food manager certification training course on August 19th, 2013 at City of Bowie Community Room, 307 North Mason Street, Bowie, TX 76230 from 8:00 am.-6:30 p.m. Cost includes training, materials, and a national food manager certification examination. The food manager’s certification will be valid for five years.

This program is designed to not only prepare food service managers to pass the certification examination, it will provide valuable education regarding the safe handling of food. Almost 50 cents of every dollar Americans spend on food is spent on meals prepared away from home. Therefore, careful attention to food safety will help keep customers safe and satisfied.

Foodborne illnesses are estimated to cost thousands of dollars in lost wages, insurance, and medical bills. With these statistics, knowledge of how to prevent foodborne illness is essential. The benefits of improved food safety include:

- Increased customer satisfaction
- Improved relationships with health officials
- Prevention of bad publicity and law suits due to foodborne illness

By attending the course, foodservice managers will learn about:

- identifying potentially hazardous foods and common errors in food handling
- preventing contamination and cross-contamination of food
- teaching and encouraging personal hygiene for employees
- complying with government regulations
- maintaining clean utensils, equipment and surroundings
- controlling pests

Foodborne illnesses can be prevented by following simple food safety practices. To reserve your space for the Professional Food Manager Certification Training course of Texas A&M AgriLife Extension Service, called “Food Safety: It’s Our Business”, call Elsie M. Lacy, County Extension Agent-FCS, at 940-894-2831 or emlacy@ag.tamu.edu.

Pet of The Week

I would love a new home. Come see me and all the other great dogs at the Bowie Animal Shelter, Monday to Friday, 7 to 4 and Saturday 9:30 to 2.

Chinese Hibiscus

by Dr. William C. Welch, Professor & Landscape Horticulturist
Texas A&M AgriLife Extension

Chinese hibiscus offer an excellent source of summer color in the landscape, and are among our most popular tropical and subtropical flowering plants. Popularity in Texas appears to be increasing in recent years, although insects, diseases, and winter injury limit their use. Even the southernmost extremes of Texas occasionally experience sufficient cold to kill this plant. With this in mind, Hibiscus rosa-sinensis should be grown as an annual or container specimen in most of the state. In areas where winter does not cause damage, hibiscus is a perennial, and may be used as a more permanent landscape plant.

The glossy green foliage varies considerably in size and texture among the many varieties. Flowers range from 4 to 8 inches in diameter, and may be double or single. Hibiscus belong to the mallow family and are closely related to cotton, hollyhock, Turks cap, the mallows, shrub althaea, Confederate rose, and okra. Colors vary from white through pink, red, yellow, apricot, and orange. Generally, the single-flower hibiscus bloom

more, and, therefore, offer a bigger show in the landscape, but doubles are sometimes preferred for their spectacular individual

Hibiscus flowers are popular for decoration. They need not be placed in water to prevent wilting, which adds flexibility to their use. An objection is that the flowers of most varieties last only one day, especially during hot weather. To keep flowers open until evening, pull blooms as soon as they are fully open in the morning, and keep in the refrigerator until just before using. If no leaves are pulled with the blossoms, picking does not damage the plant or reduce the total amount of flowering.

Hibiscus prefer a sunny location and well drained soil containing plenty of organic matter and nutrients. From April through September, small monthly applications of a complete fertilizer are beneficial. Container-grown plants will require more frequent applications. To bloom and grow profusely, hibiscus must have sufficient water. As with most other plants, watering should be done thoroughly and not too frequently. Some

protection from strong winds is necessary, since the flowers are easily damaged.

It should be remembered that hibiscus are not cold hardy. If your area is subject to freezing temperatures, your Chinese hibiscus must either be treated as annuals and allowed to freeze or be protected during cold weather. During mild winters, plants may freeze to the ground and then sprout from the base the following spring. Applying a loose mulch, such as pine straw or oak leaves, around the base of the plant before cold weather sometimes prevents severe winter injury. Certain varieties are more susceptible to cold damage than others. If greenhouse space is available, plants may be dug, placed in containers, and replanted in the landscape after the danger of frost has passed.

In recent years, there has been an increase in use of hibiscus as container plants. Small plants may be purchased early in spring or summer, placed in large pots (at least 12 inches in diameter) and enjoyed until frost. If you have any questions contact Justin Hansard, County Extension Agent, 940-894-2831.

Teddy Bear Fair Bowie Memorial Hospital will be hosting their yearly "Teddy Bear Fair" on Monday, August 5th, from 4:00 to 6:00 p.m. at the downtown Community Room. Hospital employees will be providing services such as height and weight measurements and screening tests by the Rehabilitation Department. The Bowie Police and Fire Departments and Artie Woods with McGruff will be present. Many other organizations/representatives will set-up at the fair. Refreshments will be provided. Youngsters are invited to dress-up their favorite teddy bear for prizes given for 1st and 2nd places for the best dressed teddy bear. Many of the local businesses have donated prizes to be given away in drawings throughout the event. Four bicycles will be given away at the end of the fair. Make plans to bring your pre-school, kindergarten or elementary child to this fun-filled event sponsored by Bowie Memorial Hospital.

LEGAL EASE with Tracey Jennings SENSE OF FAIR PLAY Neither side in a lawsuit is permitted to have information that the other side does not possess. Thus, before a civil trial begins, both parties are entitled to find out the factual basis for each other's claims or defenses. During this "discovery" process, each side has the right to ask about the existence of the other's documents and witnesses, as well as any other supporting evidence. Each side attains this information by asking questions orally during a "deposition," which involves placing a person under oath and asking questions about the facts. Discovery ensures a "level playing field" upon which both sides operate with the same information. There should be no surprises for either side. In reality, legal procedures are very different than they appear on TV and in books. We are happy to share our understanding of the legal field to help resolve your issue. To schedule an appointment, call THE LAW OFFICE OF TRACEY L. JENNINGS at (940) 872-6524. The office is located at 200 E. Tarrant Street in Bowie. I provide common sense solutions and no nonsense answers for your legal concerns and problems. HINT: In a civil case, an "interrogatory" is a set of written questions that one litigant requires be answered by an adversary.

Adopt a Civil War Veteran!

The Veterans Memorial Marker that will be on the Courthouse Square in Montague needs more funds to complete the installation and also needs more Civil War Veterans on the marker. There were 1,000 to 1,500 Civil War Veterans that lived in and/or buried in Montague County. These years 2011 to 2015 mark the 150 year anniversary of the Civil War and what better way of being proud of our Veterans than to have their names inscribed on this great marker that will last well into the future and the names can be pointed to with pride. These Veterans, both Union and Confederate, who fought in that awful war that pitted brother against brother are buried in nearly all cemeteries in Montague County. For \$50 you can place a Veterans name on the marker and receive information on that Veteran that can range from one page to many pages (one file contains over 50 pages).

Most of these Veterans came to Montague County after the war to establish new lives after

the devastation of the South and the Union Veterans came for new land that was plentiful. The Civil War Veterans helped shape this county and held many offices and important positions that transformed this frontier county into an important part of North Texas. They served as ministers, bankers, doctors, lawmen, business men, farmers, ranchers, county and city officials. Many churches and organizations had Veterans as founders honor them.

These Veterans have passed and many descendants have moved on, or forgot about their ancestors that fought. They need to be remembered and money collected will make sure this great marker will come into being. The Veterans Service Office and many contributors have brought this project very far and are almost there with a lot of support to add as many Civil War Veterans as possible. The marker can be unveiled in November with many names on it.

A lot of research has been and is still being done on the

Civil War Veterans and we would like to have information on your ancestor if we do not already have it. August 1st is the official deadline but if we can put on a big push of names quickly they can probably be included on the marker when it is revealed in November. Names that do not make it in time will be put on when enough are collected to have Lancaster Monument come out and add names.

You can adopt a Veteran that you know of if no one else has already included him or you can pick from a list available at the Veterans Service Office or the Old Jail Museum in Montague. You also can e-mail Max Brown (mbrown99@aol.com). You also can simply give a donation to the marker project by contacting the Veterans Service Office at 940-894-6171. Any amount is appreciated.

Do not forget the Veterans of the other wars either. They were, and in many cases still are, important to Montague County.

Level: Intermediate

Here’s How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
